1. **Applicants must complete and submit an application (with the required records) along with an application fee of \$50.** Returning enrollees must complete and submit the Reenrollment Form along with a \$50 fee unless signed up for Continuous Enrollment. **Continuous Enrollment for returning enrollees waives the form and the fee.** Application fees are not refundable.
2. Applicants will be contacted by the school office to arrange for an **admissions interview and admissions testing** once the application and records have been received.
3. Following the completed application, interview, and admissions testing, a recommendation will be made to the Board of Trustees. Upon decision of the Board, a letter is sent to parents.
4. **Once an application is approved by the Board, 10% of the full annual tuition must be paid to reserve the child(ren)'s place on the list of applicants.** If by the February 28 reenrollment deadline for current families there are fewer applications than openings, the applicant is accepted, and this amount constitutes a non-refundable enrollment deposit. If there are more applications than openings, this amount is held as a deposit and reserves the child(ren)'s place in a waiting pool. When an applicant has been placed in the waiting pool, the deposit becomes refundable if, after May 31, there is no space available for the student. Refund of the deposit results in removal from the waiting pool. If space is available on or before May 31 and the applicant declines, the deposit is forfeited.
5. Priority in the waiting pool is given to full-time students and siblings of enrolled students. New applications are reviewed on a first-come, first-served basis for any remaining openings or placed in a waiting pool.
6. If an applicant in the waiting pool is accepted, parents will be notified by email or phone.
7. **If the applicant is making a single tuition payment, failure to pay in full by July 5 may place the student in a waiting pool.** Students are not enrolled (and consequently may not attend classes) until full payment has been received.
8. **If the applicant is not making a single tuition payment, the applicant must enroll in FACTS Tuition Management by June 1 to have monthly or bi-annual payments paid directly from their account on the remaining balance of the tuition owed.** Students are not enrolled (and consequently may not attend classes) until the enrollment deposit has been received and enrollment in FACTS has been confirmed.
9. Families are encouraged to apply for tuition assistance from their churches, employers, and other charitable sources. Trinitas may also provide tuition assistance (up to 50% total tuition) to qualified full-time families. **New and returning enrollees seeking financial assistance from Trinitas must apply through FACTS Grant and Aid. Applications are found on the school website; the deadline for submission is April 1st.** Application for aid does not guarantee its award; applications must first be reviewed and approved by the Board of Trustees. **The Board may consider applications for financial aid submitted after the April 1st deadline if there are funds remaining.** Once a decision has been reached, the school will notify the applicant and see that adjustments are made to the payment invoice and/or FACTS. **Note: Financial aid from a congregation or other source that is awarded after aid from Trinitas has been approved must be disclosed and may reduce an award.**
10. The school office will maintain a record of those families who have paid in full and those who have indicated that they will sign up for FACTS. A designated member of the Finance Committee will notify the school office as soon as a family has successfully enrolled in FACTS.
11. Students withdrawing on or after September 1 will be charged full tuition through the end of the last month in which they were enrolled, plus a penalty of 10% of the full annual tuition.
12. No official records shall be released until all financial obligations are met.
